

MAKELARK

NUMBER TRAIL

Find a path through the board by moving through numbers in the right order.

1-2 PLAYERS

AGE 8+

10 MIN

PUZZLE

HOW TO PLAY

- 1

Start at 1 and draw one continuous path to 12.
- 2

You may move horizontally, vertically, or diagonally.
- 3

You may not pass through the same cell twice.
- 4

For two players, race on separate copies or take turns finding the next move.
- 5

Complete the trail without breaking the sequence.

6	12	4	9	1
11	5	8	2	10
4	9	1	7	3
8	2	10	6	12
1	7	3	11	5

WHAT YOU NEED

This sheet and a pencil.
