STRATEGY

HOW TO PLAY

1

Each player chooses a symbol: X or O.

2

Take turns placing one mark in any empty square.

3

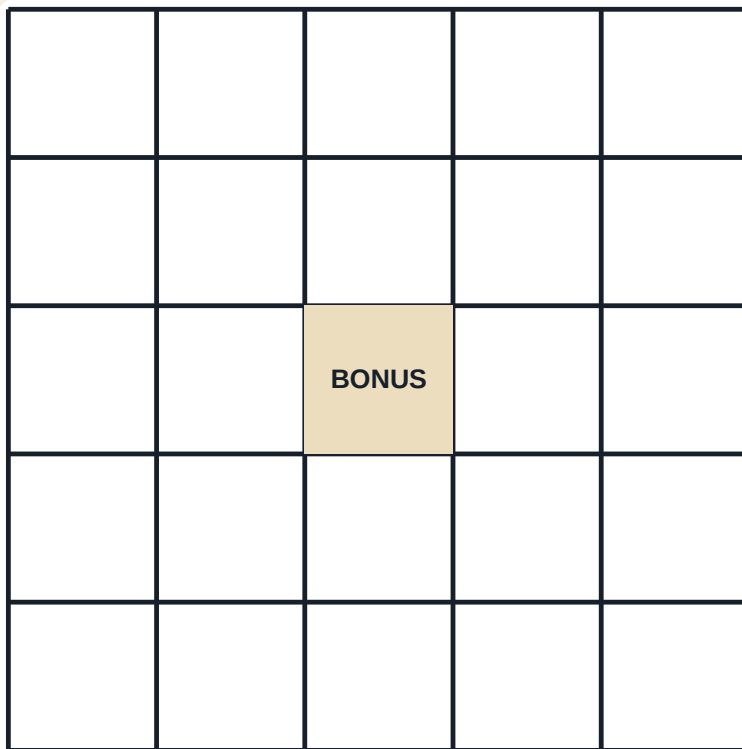

The center BONUS square counts as two connected spaces for either player.

4

First player to make a connected line of 4 marks — horizontal, vertical, or diagonal — wins.

5

If the grid fills with no line of 4, the player with the most 3-in-a-row lines wins.

WHAT YOU NEED

This sheet, two pencils or pens, and a second player.
